RRP AUS \$0.00

Product Details

FEATURES

Heating and cooling modes of operation Provides year round comfort	5 year comprehensive residential warranty Refer to the warranty terms and conditions in the brochure or on the product's warranty card	Remote control with luminescent keypad Remote control with luminescent keypad	Air swing auto/manual
24 hour timer Program your air conditioner to turn on and off automatically	Sleep mode	Manual operation	Auto restart In the event of an interruption in power supply the unit will restart with the same settings that were selected prior to the power outage

BENEFITS

Be cool in no time at all Ever popular, window/wall models give you the comfort of reverse cycle air conditioning without the need for expensive installation. In fact, some models are so relatively easy to install you could even do it yourself.	Control from your armchair The remote control unit lets you conveniently control all functions
Compact The super compact design means that window wall cooling only air conditioners are discreet and unobtrusive in your home. They are also perfect for cooling smaller family homes and space-restricted areas.	Fresh air delivery The fresh air return provides additional ventilation to your room and can also assist in humidity control. The easy-to-service dust filter removes dust and other larger airborne particles for cleaner air.
