Pyrolux pyrolytic self-cleaning duo ovens	Huge 80 litre main and 43 litre gross capacity ovens	Quadruple glazed doors	Soft close door
FullFlex Telescopic Runners	Mark resistant stainless steel		

BENEFITS

IOI makes cooking easy

Experience a simpler, more enjoyable way to cook. Our unique Intuitive Oven Interface (IOI) makes our ovens so easy to use you won't need a manual. Plus the elegant full colour screen displays temperature and function feedback so you can easily program and check your cooking for impressive results without the extra effort.

Smart Food Probe

Never overcook a roast again. The convenient Smart Food Probe measures the core temperature of food and switches off the oven when it's ready.

Pyrolux pyrolytic self-cleaning duo ovens

The first duo oven that cleans itself in both ovens. Pyrolux pyrolytic cleaning removes the need for you to use harsh chemicals to clean your oven. Simply set the Pyrolux Pyro Clean function, come back when it is complete and wipe away the residue. Even during the 490 degree Pyrolux Pyro Clean process the door temperature is still cool enough to safely touch.

Ideal for entertaining

The Duo ovens allow you to cook a variety of dishes at once, making this an ideal oven for entertaining. Designed for the entertainer and large families, this large capacity 80-litre oven with a generous 43 litre second oven makes catering for every occasion quick and easy. Plus, energy use is also kept to a minimum, despite its size.

FullFlex Telescopic Runners

Our FullFlex telescopic runners give you safe, easy access all areas of your oven. This makes it easier to turn and stir your food for great results every time.

Comfortable and safe

Cooler touch oven doors for added safety and confidence in the kitchen. The cooler touch doors feature an innovative door cooling system with multiple glazed door panels. The door design minimises heat being transferred outside the oven, while ensuring a cooler touch oven door and cooler kitchen environment. Stay cool when you're entertaining.
