Product Details

Benefits

Simple to use controls

This dishwasher features a simple push button control with a button for each program.

Auto program

The auto program senses dirt with the soil sensor delivering top wash results while optimising use of water and energy.

Anti-flood protection

The system automatically cut off the water supply to the dishwasher in the event of a leak is detected to give you peace of mind.

A faster wash

When you're in a hurry or only have a partial load to wash, the Quick 30 program is the perfect choice. This 60-degree wash ensures sparkling dishes every time.

Saves water

With today's climate challenges, we need to do what we can to save water. That's why we offer a 4.5-star WELS water rated dishwasher that only uses 10.3 litres of water, just a fraction of the water you will use when hand washing dishes.

Easy-lift upper basket

The top basket height can be easily adjusted to accommodate large plates and platters in the lower basket, even when fully loaded

Auto Off

With the Auto Off feature the dishwasher will automatically shut off to keep energy consumption to a minimum.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Type of Dishwashers	freestanding
Place settings	13
Drying system	condensing
Number of spray arms	2
Top shower	No

SPECIFICATION

Water efficiency star rating WELS	4.5
Water consumption (litres)	11.6
Energy Star Rating	3
Energy consumption cold water (kWhr/yr)	282
Noise level dBA	48
Water supply	cold or hot (maximum 60°C)
Basket colour	grey
Service cord length	1.8

DIMENSIONS

Total height (mm)	850
Total width (mm)	596
Total depth (mm)	625
