Benefits

Superior performance with a 2000 W induction motor

The Masterpiece Collection food processor features a powerful yet quiet 2000 W induction motor offering superior strength to endure heavy loads. Slicing, mixing, chopping, shredding or even kneading your own dough has never been easier or quicker to prepare. Built to last, the food processor will stand steady on your bench-top due to its sturdy die-cast aluminium base.

Unique adjustable slicing disc and efficient French fries disc

Whether it is perfectly cut French fries or paper thin carrot slices, your dishes will now look strikingly delicious with The Masterpiece Collection food processor. The slicing disc can be adjusted to 28 different thicknesses ranging from 0.15 cm to 0.75cm, whilst the French fries disc combined with the food processor's powerful motor allows you to prepare French fries in no time.

2 working bowls for additional versatility

With a super sized 4.2L working bowl and an additional 2.2L nested bowl you can enjoy great versatility to prepare different dishes and/or quantities. Each bowl has a knife attachment to fit its size, with the larger knife featuring hard wearing titanium coated blades to cut through thick or dense ingredients.

Dual size feeding chute to process different ingredients

The Masterpiece Collection food processor features a convenient dual sized feeding chute with the large chute taking ingredients that are up to 15cm wide. The smaller chute includes a pusher which also works as a measuring cup, whilst the big chute features a safety mechanism allowing the food processor to operate only when the pusher is in place.

Wide range of attachments

Prepare a wide variety of dishes with The Masterpiece Collection food processor. From salads, to sauces, desserts or even your own mayonnaise the possibilities are endless. The food processor includes a shredding disc (reversible fine/coarse), an adjustable slicing disc, French fries disc, emulsifying disc, dough kneading tool, 2 multi knives and a clever case to neatly store all the attachments.
