BENEFITS

Versatile cooking with fan forced, grill and microwave
With just one microwave you can enjoy the convenience of 3 cooking methods. You can roast a chicken using the fan forced option, grill your cheese toasties or heat/de-frost your food with the traditional microwave method.

Faster, even cooking with inverter technology
Deliver tasty results every time thanks to our inverter technology which provides more Even heating, precise cooking, and safe defrosting. Inverter technology is also more energy efficient and cooks faster than non-inverter microwaves.

AirFry for that perfect, crunch
When a food craving hits, make healthier and delicious food right in your microwave with minimal oil. Deliver all the flavour and none of the guilt. AirFry allows you to make healthier, tasty meals for the entire family right in your microwave.

Stylish and functional control panel
The new sleek, seamlessly designed microwave fits perfectly into your kitchen, with a touch control panel and an easy-to-use knob, you will have a simple to use and stylish microwave all in one with a control panel that is much more durable and long-lasting.

Heating in a hurry with the press of a button
In a rush and need a quick re-heat? The quick start function automatically adds 30 seconds to your time, with just the press of one button, making it easy for the quick heat-ups.

Safe and easy handling with the auto-return turntable
Want a safer and easier way to remove items from the microwave? With position-memory the turntable will reset to its original position once finished, meaning your mug or plate will be in the exact same position as to when you put it in.

Cook with speed

Our 1100-watt microwave oven, heats your food fast so you'll solve your cravings just as fast as they hit.

Set and forget

Take the guesswork out of microwaving with our pre-defined set of Auto Menus that are designed to cook specific foods, such as popcorn, soup, and pasta. The menus will select the correct power level and cooking time making it easier for you.
