RRP AUS \$2,899.00

Product Details

FEATURES

Triple glazed door, with anti-UV glass	Slide-out wooden shelves	Thermal recycling pump	Winter function heating system
Security lock	Visual alarm	Reversible door	Digital temperature display
LED internal lighting			

BENEFITS

Stable Temperature Our wine cabinets maintain a stable temperature to keep your wine in perfect cellaring conditions. This is thanks to triple glazed glass, insulated side panels and interactions between a compressor and thermostat.	UV Protected Dark Storage Area UV rays negatively impact the quality of your wine. Our cabinets eliminate this treat by incorporating UV treated tinted glass doors, dark interiors and dimmed internal LED lights.
No Vibration To protect the storage life and quality of your wine, our cabinets have been designed to create a vibration proof environment by including an externally housed compressor, rubber shock absorbers and vibration absorbing wooden shelves.	Humidity above 50% Our wine cabinets incorporate a Thermal Recycling Pump that ensures adequate humidity levels are maintained. The Thermal Recycling Pump works by heating condensed water, which is then introduced as humid air within the cabinet.

Specifications

WINE CELLARS

Domestic Warranty	2
Installation Type	Both
Finish	Seamless Stainless Steel
Door Type	Glass Door
Door Construction	Triple Glazed, UV treated
Handle	Recessed
Fridge door opening	Reversible
Refrigerant	R600a
Easy Capacity (Bottles)	110
