Clean up with ease
Designed for an easy clean up the cooktop draws oil away from the flames and the in-built oil channels draw excess oil to a disposable tray. A bottom drip tray catches any fat from the grill so the mess is minimal.

Evenly cooked food with cast iron
Heat is retained for better results and evenly cooked delicious food when using our heavy duty cast iron grills and hot plates.

Ready, start, cook.
Start cooking quickly and easily with the quartz one press start. This first time, every time, easy start ignition system makes sparking up the BBQ a breeze.

Vaporise flare to control the flame for maximum flavour
Our flame tamer prevents fat dripping onto the flame. For even heat and maximum flavour that minimises the risk of burning.
